RECOMMENDED MOTION

I move to approve the bid for the acquisition and delivery of decomposed granite for the base preparation and drainage requirements for the installation of synthetic turf to Payson Concrete in the amount of $18,200.00

SUMMARY OF THE BASIS FOR RECOMMENDED MOTION:

The bid opening for the acquisition and delivery of decomposed granite was conducted at 11:15 A.M. on Wednesday May 24. The bid opening was scheduled on the day of this council meeting to facilitate the construction of the Rumsey Park Ball Field development project. At the last Town Council Meeting, the Council selected the synthetic grass vendor. Town staff is conducting the sub-base preparation work. This bid is for the required rock to be placed under the synthetic turf for proper drainage and turf stabilization.

The results are as follows:

1" Fine Screened Granite @ $11.75 per ton or $14.00 per cubic yard = $18,200.00.

PROS: The low cast of the bid warrants the payment and delivery of above-mentioned material required for ball field development.

CONS: Failure to continue the construction of the fields without a re-bid of material.
