AMOUNT BUDGETED: $ 50,000

SUBMITTAL TO AGENDA
APPROVED BY TOWN MANAGER

EXPENDITURE REQUIRED: $ 27,430

CONT. FUNDING REQUIRED: $0

EXHIBITS (If Applicable, To Be Attached): Bid Tabulation

POSSIBLE ACTION

I move to award the contract for repaving the damaged portion of West Main Street to Empire Excavation, Inc. and authorize the Mayor to sign all necessary contract documents

SUMMARY OF THE BASIS FOR POSSIBLE ACTION:

In mid December, 2008 a 12 inch water line broke in the area of 400 W. Main Street. The water line in this area is located under the edge of the pavement and operates with a very high pressure. The effects of this break lifted a large section of asphalt and damaged the roadway sub-grade below the displaced asphalt. Approximately 30 feet of curb was also removed in the repair process. Water Department personnel have already replaced the curb. Now, a section of roadway approximately 39' by 210' needs to be repaired. Street Department crews will mill the existing asphalt, repair the road sub-grade, and do the fine grading for the asphalt replacement. The Town does not have asphalt lay-down equipment to replace the asphalt so a contractor must be hired. Since the estimated amount of this asphalt replacement was over $25,000, a public bid is required. Five contractors picked up bid packages for this project. On January 27, 2009 at 11:00 AM four bids were received and opened.

The total bid amounts received are as follows:

Empire Excavation, Inc.	$27,430.00
J-4 Excavating	$28,298.40
H & H Paving	$28,579.20
Intermountain West Civil Constructors, Inc.	$29,750.50

All bids have been verified and are acceptable. Based on these bids, staff recommends awarding this project to Empire Excavation, Inc.. Actual contract price will be determined by final quantities as measured in the field.

PROS: This project will repair the damaged asphalt on W. Main Street and improve traffic flow in the area.

CONS: The public will be inconvenienced by the construction for a short period of time.

PUBLIC INPUT (if any): N/A
