_____ 

EXHIBITS (If Applicable, To Be Attached):

- (1) Current Town organization chart
- (2) Proposed Town organization chart

RECOMMENDED MOTION I move to direct preparation of such ordinances/resolutions as are necessary to abolish the position of public works engineer, appoint LaRon Garrett as town engineer, elevate the parks and recreation director position to department head status, abolish the position of public works director and create the position of water superintendent.

SUMMARY OF THE BASIS FOR RECOMMENDED MOTION: The Town's current organizational chart has both the public works engineer and the parks and recreation director reporting to the public works director, as shown on the first attachment. The second attachment shows a proposed chart that would make the parks and recreation director, town engineer and water superintendent direct reports of the town manager, which more accurately reflects current actual practice.
