Subject: FY 2010 CDBG Grant Proposal

The Fiscal Year 2010 CDBG Grant Proposal Resolution provides general project information and needs not include detail cost estimates. Fortunately, the FY 10 CDBG Grant Estimate is \$280,000, which will fund all proposed projects including Senior Center Improvements and Owner Occupied Housing Rehabilitation. The current project cost estimates for the Senior Center Improvements are \$48,500 for an AC/Heater Replacement and \$48,500 for Senior Center Re-wiring. The Owner Occupied Housing Rehabilitation will account for the remaining \$183,000 and will also include Emergency Home Repair and Home Owner Education.
