To: Mayor and Councilmembers

From: Buzz Walker, Water Superintendent 

Cc: Town Manager, Town Attorney

Re: Res. No. 2463

Please note that a slight change in wording in Resolution No. 2463 is advisable.

Page 2, Section (B) (2) e. should read: Each Unit, **other than apartment units**, must be serviced by a separate water meter.

This change is appropriate because apartment units are not owner-occupied and the project owner is held responsible for the use of the overall project.
