

ORDINANCE NO. 772

AN ORDINANCE OF THE MAYOR AND COMMON COUNCIL OF THE TOWN OF PAYSON, ARIZONA, AMENDING THE OFFICIAL ZONING MAP FOR THE TOWN OF PAYSON, ORDINANCE NO. 466 AND THE ZONING CODE FOR THE TOWN OF PAYSON BY REZONING CERTAIN REAL PROPERTY GENERALLY LOCATED AT 1014 EAST CANYON DRIVE, BEING GILA COUNTY ASSESSOR'S PARCEL NUMBER 302-23-015R, AS MORE PARTICULARLY DESCRIBED ON EXHIBIT A ATTACHED HERETO, FROM R1-90 TO R1-35. (1014 E CANYON DRIVE REZONING)

WHEREAS, the Town of Payson from time to time amends its Official Zoning Map and Official Zoning Code for the purpose of accommodating zoning changes; and

WHEREAS, Application No. P-359-09 to amend the Official Zoning Map and Official Zoning Code has been made by J. Fred & Alyce Hollobaugh, property owners, to the Planning and Zoning Commission and the Town Council; and

WHEREAS, the Planning and Zoning Commission held a public hearing on August 10, 2009, considered the issues, and made recommendation on Application No. P-359-09 to the Town Council; and

WHEREAS, the Town Council held a public hearing on September 10, 2009, in regard to said Application No. P-359-09 and has considered the issues relating thereto,

NOW, THEREFORE, IT IS HEREBY ORDAINED BY THE MAYOR AND COMMON COUNCIL OF THE TOWN OF PAYSON, ARIZONA, AS FOLLOWS:

Section 1. Ordinance No. 466 of the Town of Payson, the Official Zoning Map for the Town of Payson and the Zoning Code for the Town of Payson be and each is hereby amended to establish a zoning district of R1-35 for that portion of certain real property located at 1014 East Canyon Drive, Gila County Assessor's Parcel Number 302-23-015R, more particularly described on Exhibit A attached hereto and made a part hereof by this reference (the "Property").

Section 2. That the requested rezoning and the use and density of the Property as proposed by Application No. P-359-09 are hereby made contingent upon those conditions set forth in Section 3 below, and are found to be consistent with the General Plan of the Town of Payson, as required by A.R.S. § 9-462.01(F).

Section 3. The foregoing change in zoning shall be and are hereby specifically made contingent upon and conditional upon each of the following:

- A. Prior to application for a minor land division, separate public water service shall be provided to each of the existing dwelling units.
- B. Prior to application for a minor land division, each parcel shall have a separate waste disposal system approved by the Gila County Health Department or the Northern

First Reading and Public Hearing SEP 10 2009 G.S

Gila County Sanitary District.

- C. If any of the conditions listed in this Section 3 cannot be met or the applicant has not recorded an approved minor land division survey map within two (2) years of the approval date of the zoning change, then the R1-35 zoning may revert to the original R1-90 zoning, by Council action.

Section 4. In addition to the provisions is Section 5, hereunder, this ordinance shall not become effective until the Town files with the Gila County Recorder instrument(s) (in a form acceptable to the Town Attorney), executed by J. Fred & Alyce Hollobaugh and any other party having any title interest in the Property, that waives any potential claims against the Town under the Arizona Property Rights Protection Act (A.R.S. § 12-1131 et seq., and specifically A.R.S. § 12-1134) resulting from changes in the land use laws that apply to the Property as a result of the Town's adoption of this ordinance. If this waiver instrument is not executed and provided to the Town for recording within 7 calendar days after the motion approving this ordinance, this ordinance shall be void and of no force and effect.

Section 5. Pursuant to A.R.S. §19-142 and §30.54 of the Code of the Town of Payson, this ordinance if not otherwise void pursuant to Section 4 hereinabove, shall not become operative until 30 days after its passage.

Section 6. All ordinances and parts of ordinances in conflict with the provisions of this Ordinance are hereby repealed to the extent of such conflict.

PASSED AND ADOPTED BY THE MAYOR AND COMMON COUNCIL OF THE TOWN OF PAYSON this ____ day of _____, 2009, by the following vote:

AYES ____ NOES ____ ABSTENTIONS ____ ABSENT ____

Kenny J. Evans, Mayor

SUMMARY OF AGENDA ITEM

DATE: September 10, 2009
TO: Mayor and Council
FROM: Ray Erlandsen 
Acting Community Development Director
SUBJECT: Ordinance #772 1014 E. Canyon Drive
Rezone from R1-90 to R1-35 (P-359-09)

PURPOSE:

The applicants, J. Fred & Alyce Hollobaugh, are requesting approval of a zone change from R1-90 to R1-35 for the property located at 1014 E. Canyon Drive. Currently, there are two existing residences on the 1.84 acre site. The applicant proposes to divide the current lot into two parcels, one approximately 45,000 square feet and one approximately 35,000 square feet as depicted on Exhibit A to allow for separate ownership of the existing dwelling units on the site. Access to the existing residences at 1014 E. Canyon Drive consists of a decomposed granite driveway off of N. Briarwood Road and a concrete/asphalt driveway off of E. Canyon Drive.

SUMMARY:

The site is currently bordered by R1-90 zoned properties on three sides and is bordered on the south by Gila Community College, which lies within an R3 zoning district.

Zoning for this site and the area surrounding this site was amended from R1-D8, R1-D10, C-1, and R4-D2 to R1L-D90 by Ordinance # 396 in 1993. Imposing the more restrictive zoning designation created a legal non-conforming situation for roughly half of the parcels within the area, because they did not meet the minimum lot standards for the R1-90 district. Later acquisitions of rights of ways further reduced the area and dimensions of even more parcels including this site.

A lack of certain improvements within the area was the primary reason for the staff initiated zoning change for this area. At that time the roadways were not paved and development was dependent upon septic systems and private wells. In addition, access to the area is limited to Mud Springs Road. Under the previous R1-D10 zoning designation, the area could have accommodated approximately 1000 homes. In 1996 a variance was granted over the parcels within this R1-90 area, which allowed development on each parcel to utilize the lot standards of the zoning district designation to which the size of the parcel was closest. For instance, to construct on a 46,000 square foot parcel, the setbacks for an R1-44 district would apply.

Both dwelling units are currently served by a single water meter. The applicant shall be required to provide separate public water service to each of the existing dwelling units prior to application for a minor land division.

This property is not currently within the Northern Gila County Sanitary District (NGCSD) and public sanitary facilities were not required for construction under the R1-90 zoning designation. The existing residences are served by separate septic tanks approved by the Gila County Health Department, but share common leach lines. The leach lines lie under the area of the southernmost driveway entrance on Briarwood Road. Prior to applying for a minor land division, the applicant will need separate waste disposal systems for each residence that have been approved by either the Gila County Health Department or the Northern Gila County Sanitary District.

The Land Use Element (Chapter 3) of the Town of Payson General Plan designates this area as Low Density Residential development, which generally consists of 1 to 2.5 dwelling units per acre. The density for the site subsequent to a minor land division would be 1.09 dwelling units per acre and would conform to the standards of low density residential as defined in the Land Use Element.

The Planning and Zoning Commission held a public hearing on August 10, 2009, and recommended approval to the Town Council on a 6-0 vote subject to the four conditions as attached.

Subsequent to the Planning and Zoning Commission meeting, a letter of opposition was received from the property owner at 1010 E. Canyon Drive, Kenneth Gouker (see attached).

To Payson Counsel,

Kenneth Gouger
1010 E. Canyon Dr.
Payson, AZ.

Application P-359-09 for land split on 1014 E. Canyon Dr.

I Kenneth Gouker am opposed to the split of my neighbors property because of the guest house that apparently has some monetary value. Originally, I agreed to the guesthouse because it was suppose to be for family members to come and stay. It was not built to be a rental or for future split and resale. The zoning is R1-D90 zoned for two-acre parcels plus. If you split this property, you are setting a precedent so other two-acre parcels can be split. Furthermore, the three-acre parcel that is just north of this two-acre parcel could possibly be split into three one-acre parcels due to the precedent once again set by 1014 E. Canyon Dr.

When I bought this property, I wanted to have space with limited neighbor activity. At this point, I have two neighbors which was the understanding that I had when I originally bought the property. If this split happens, I could have up to seven neighbors with horse privileges. This situation is totally unacceptable to me. I understand the economical gain that my neighbor will receive if the split is allowed. It is easier to sell one home on a parcel than two large homes on one parcel. However, this was their decision not their neighbors. They knew what the zoning was when they bought the property. In addition, I feel that this will affect the value of my property.

The reason that I am writing you this letter is because I had previous plans to be out of town.

Sincerely,

Kenneth Gouker

APR 27 2009

P-359-09 Rezoning Request – R1-90 to R1-35

P & Z Commission Motion

August 10, 2009

1014 East Canyon Drive

Joel Mona moved, seconded by Jeff Loyd, to recommend to the Town Council approval of P-359-09, a request to rezone a 1.84 acre property located at 1014 East Canyon Drive, from R1-90 to R1-35 as depicted on Exhibit A which is the site plan date stamped June 30, 2009, to allow for the future division of this property with the conditions listed in the staff report as amended today.

Motion carried 6-0.

Conditions as recommended by staff and approved by the Planning & Zoning Commission:

1. Prior to application for a minor land division the applicant shall provide separate public water service to each of the existing dwelling units.
2. Prior to application for a minor land division each parcel shall have a separate waste disposal system approved by the Gila County Health Department or the Northern Gila County Sanitary District.
3. If any of the conditions listed above cannot be met or the applicant has not recorded an approved minor land division survey map within two (2) years of the approval date of the zoning change, then the R1-35 zoning may revert to the original R1-90 zoning, pending Council action.

MEMO

TO: Planning and Zoning Commission

FROM: Sheila DeSchaaf, Planner II

DATE: August 10, 2009

SUBJECT: 1014 E. Canyon Drive
Rezone R1-90 to R1-35

P-359-09

Background

The applicants, J. Fred & Alyce Hollobaugh, are requesting approval of a zone change from R1-90 to R1-35 for the property located at 1014 E. Canyon Drive. Currently, there are two existing residences on the 1.84 acre site. The applicant proposes to divide the current lot into two parcels, one approximately 45,000 square feet and one approximately 35,000 square feet as depicted on Exhibit A to allow for separate ownership of the existing dwelling units on the site. Access to the existing residences at 1014 E. Canyon Drive consists of a decomposed granite driveway off of N. Briarwood Road and a concrete/asphalt driveway off of E. Canyon Drive.

Analysis

The site is currently bordered by R1-90 zoned properties on three sides and is bordered on the south by Gila Community College, which lies within an R3 zoning district.

Zoning for this site and the area surrounding this site was amended from R1-D8, R1-D10, C-1, and R4-D2 to R1L-D90 by Ordinance # 396 in 1993. Imposing the more restrictive zoning designation created a legal non-conforming situation for roughly half of the parcels within the area, because they did not meet the minimum lot standards for the R1-90 district. Later acquisitions of rights of ways further reduced the area and dimensions of even more parcels including this site.

A lack of certain improvements within the area was the primary reason for the staff initiated zoning change for this area. At that time the roadways were not paved and development was dependent upon septic systems and private wells. In addition, access to the area is limited to Mud Springs Road. Under the previous R1-D10 zoning designation, the area could have accommodated approximately 1000 homes. In 1996 a variance was granted over the parcels within this R1-90 area, which allowed development on each parcel to utilize the lot standards of the zoning district designation to which the size of the parcel was closest. For instance, to construct on a 46,000 square foot parcel, the setbacks for an R1-44 district would apply.

Under R1-90 zoning, a private water supply is allowed and both dwelling units are currently served by a private well on the property. A water line is currently available for connection to

this property in both Canyon Drive and Briarwood Road, and the applicant shall be required to provide separate public water service to one of the existing dwelling units prior to application for a minor land division.

This property is not currently within the Northern Gila County Sanitary District (NGCSD) and public sanitary facilities were not required for construction under the R1-90 zoning designation. The existing residences are served by separate septic tanks approved by the Gila County Health Department, but share common leach lines. The leach lines lie under the area of the southernmost driveway entrance on Briarwood Road. An easement would have to be provided on the Record of Survey/Minor Land Division map to allow the continued use or separate leach lines installed.

The Land Use Element (Chapter 3) of the Town of Payson General Plan designates this area as Low Density Residential development, which generally consists of 1 to 2.5 dwelling units per acre. The density for the site subsequent to a minor land division would be 1.09 dwelling units per acre and would conform to the standards of low density residential as defined in the Land Use Element.

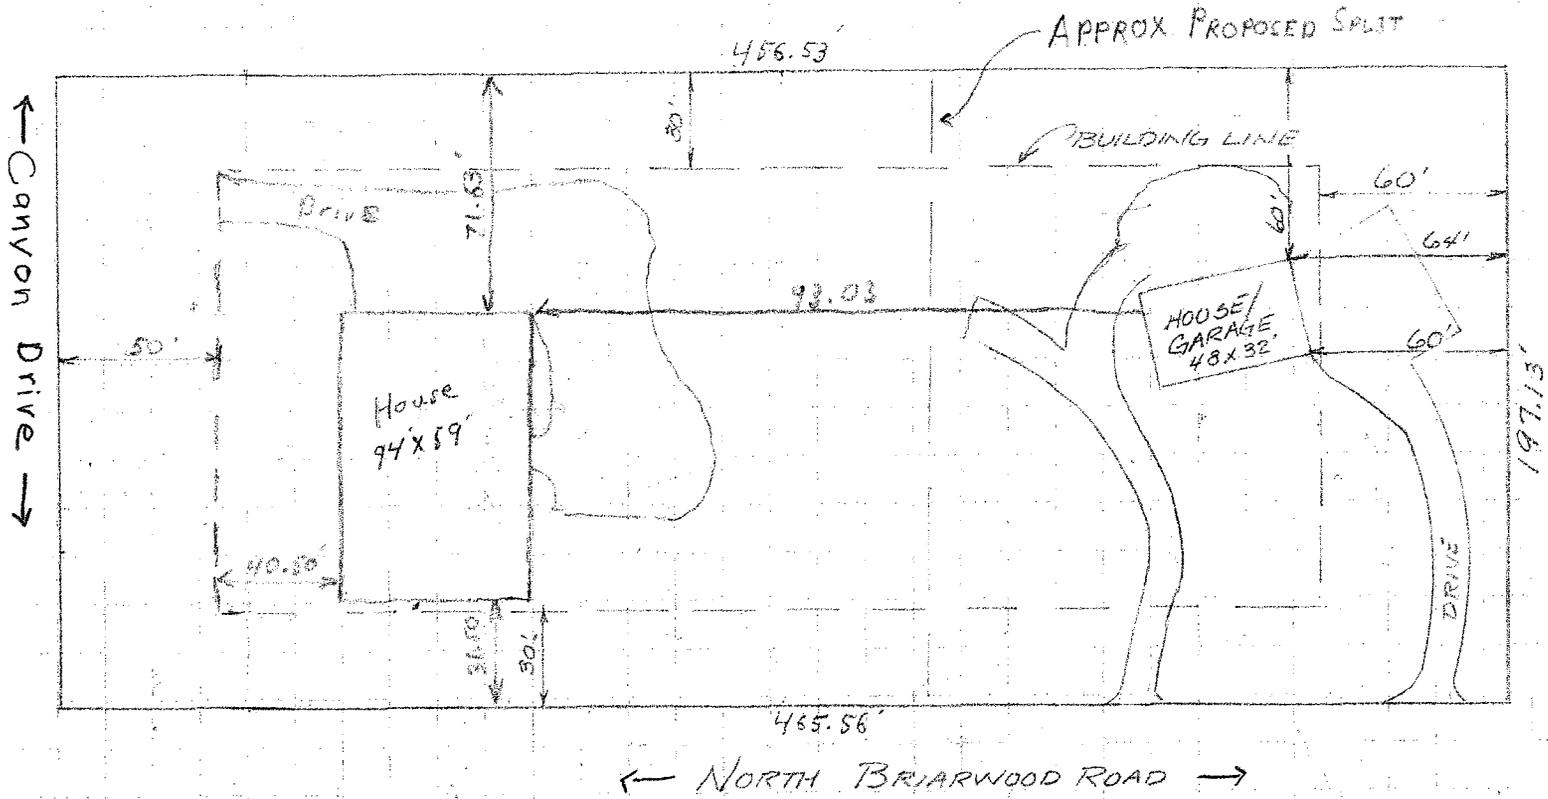

Staff Recommendation

Recommendation: Approval with conditions listed below.

1. Prior to application for a minor land division the applicant shall provide separate public water service to one of the existing dwelling units.
2. No guest house, guest quarters, or accessory dwelling units may be constructed on this site for which additional septic tanks or lines are required. No guest house, guest quarters, or accessory dwelling unit shall be granted unless the property has been annexed into the Northern Gila County Sanitary District and public sanitary services are provided to the site.
3. If any of the conditions listed above cannot be met or the applicant has not recorded an approved minor land division survey map within two (2) years of the approval date of the zoning change, then the R1-35 zoning may revert to the original R1-90 zoning, pending Council action.

Suggested Motion to recommend Approval:

“I move the Planning & Zoning Commission recommend to the Town Council approval of P-359-09, a request to rezone a 1.84 acre property located at 1014 E. Canyon Drive, from R1-90 to R1-35 as depicted on Exhibit A to allow for the future division of this property with the conditions listed in the staff report.”

Re: Zone Change for Lot Split 1014 E. Canyon Drive

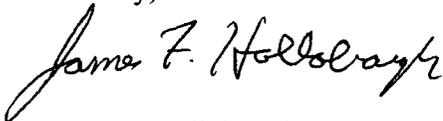

Dear Planning & Zoning Department:

A Citizen Participation Meeting was held on June 23, 2009 at 6:30 p.m. at 1014 E. Canyon Drive, Payson, Arizona for the purpose of providing information to property owners within a 300' range of the proposed change in zoning from R1-90 to R1-35.

There was one attendee, Larry Marshall. There were two e-mail responses with questions, one from Jeanette Rogers and one from Willie & Donna Alcorn. These e-mail exchanges are enclosed. Two of the meeting notifications were returned as unclaimed by the postal service.

Mr. Marshall filled out a comment sheet (also enclosed) that he had no objection. I believe that I have answered all questions my neighbors had with regards to this change. I would be happy to meet and talk with anyone that has further questions about this zone change.

Sincerely,

James F. Hollobaugh

Re: Zone Change Request to the Town of Payson
Change Zoning From R1-90 to R1-35

Dear Neighbor:

You are hereby notified of a Citizen Participation Meeting to be held on June 23 at 6:30 pm located at 1014 E. Canyon Drive, Payson, AZ 85541.

The purpose of this meeting is to provide information to property owners adjacent to the subject property regarding the proposed zone change. This is time set aside to ask questions, so please try to attend. An 8 1/2 x 11 copy of the proposed zone change and lot split is attached.

If you cannot attend the meeting and have questions or concerns regarding the proposed zone change and lot split, please call J. Fred Hollobaugh at the above phone number or e-mail your questions and/or concerns to alyjam@gmail.com. Also, I will be happy to make arrangements for any other time to meet with you personally.

Respectfully,

J. Fred and Alyce A. Hollobaugh

I DISAPPROVE OF THE CHANGE

COMMENTS:

To: alyjam@gmail.com
Subject: Zone Change Request

Dear Mr. Hollobaugh,

I own property on N. Briarwood Road and received your Notice about the zone change request for a nearby parcel. I live in Utah and am unable to attend the meeting on June 23. Please answer these questions:

1. Are you the party requesting the zone change? Yes
2. What is the street address of the property at issue? 1014 E. Canyon Dr.
3. How close is that address to 412 N. Briarwood Road (an undeveloped approx. 3 acre lot)?
Bordering yours to the south, right on the corner of Canyon and Briarwood
4. If approved, will the zone change only affect the the parcel identified on the map you enclosed, or will it affect the entire neighborhood/area? Just the parcel identified on the map.
5. If approved, what will be the size of each of the two lots after the split? The exact sizes are yet to be determined, but the zoning would be R1-35 which means as I understand it under 44000 square feet and would need to meet the towns approval.
 6. What is the reason given by the requestors for the zone change? The parcel is currently developed there will not be any changes. As I understand it current development criteria does not match what was approved in 1995. The town would like to see the property compliant with current criteria. As for an advantage to us we could sell one parcel for retirement investment and be able to remain in the neighborhood on the other parcel.
7. What is the definition of zone R1-90? It has to do with property size. I'm not positive but I believe 90,000 means greater than 2 acres and in our neighborhood that includes horse privileges.
8. What is the definition of zone R1-35? There is a zoning for R1-45 also which I think means greater than 1 acre and is the minimum for horse privileges. R1-35 then would mean under 1 acre and no horse privileges.
9. Will there be an opportunity for public comment or opposition by citizens to the Payson Zoning Department? Yes, the process includes my responsibility to contact neighbors and collect feedback for my report to the town then there will be a planning and zoning meeting scheduled after which it will be placed on the Town Council agenda.

Thanks for the additional information.

Jeanette Rogers

Subject: RE: proposed zone change

William and Donna Alcorn,

This is our property and has been since 1995. The property is already developed. This action will be for a split only. The proposed change will be from R1-90 to R1-35 and will lose its horse privileges. The property is approximately two acres and will be divided into two parts exact sizes will be determined with the Town and based on most appropriate location of split and information from surveyor. The proposed property line would then be marked with a fence. Included with your notice was a sketched footprint of the developed property with a dashed split line shown as an example only. The actual split would take into consideration the topography and vegetation as well as best land use. Thank you for your inquiry.

Subject: Re: Zone Change Request

Mr. Hollobaugh,

Thanks for this information. I do have more questions:

1. How many houses are currently located on your undivided parcel? Two as indicated on the footprint drawing.
2. I am trying to understand your answer about non-compliance with the 1995 changes - what is it about your current parcel or the buildings on it are non-compliant with the 1995 zoning or code changes? I was compliant with what was required at the time by building representatives. As I understand it there have been changes since 1995 that fall more into line with what has been developed. It has to do with the guesthouse having a kitchen or not having a kitchen. The rezoning would update this parcel to these changes. I was unaware of this. My reasons are as previously stated, to have the option of selling one of the parcels created by the split.

Thanks again.

Jeanette Rogers
