## POSSIBLE MOTION:

- 1) I move to approve the Smokeless Propellant Administrative Policy

## SUMMARY OF THE BASIS FOR POSSIBLE MOTION:

Administrative policies are created to provide clarification to existing codes in an effort to allow consistent interpretation of those codes. These policies are not usually presented to the Town Council for approval, as they are just a written document as to how codes are interpreted for procedures all ready being performed. In this case, the Town has not dealt with this topic in the past. This topic has been brought to our attention through contact with a business interested in possibly locating in the Payson area. While they are considering other locations, we believe this is a topic that needs a code clarification/interpretation in the event that this business does decide to locate within Payson. As a new topic of interpretation, we seek Council approval of this Administrative Policy.
