POSSIBLE MOTION: I MOVE TO DIRECT THE WATER SUPERINTENDENT TO DEVELOP AN ADMINISTRATIVE POLICY CONCERNING THE TOWN OF PAYSON PROVIDING TEMPORARY WATER SERVICE OUTSIDE OF THE TOWN LIMITS.

SUMMARY OF THE BASIS FOR POSSIBLE MOTION: On occasion, the Town of Payson Water Department receives a request for temporary water service outside of the Town limits. The service can be in the form of making Payson public water system water supply available for transport by truck, pipeline or vehicle for use outside of the Payson town limits. Such occasions may be defined as a shortage of water supply to an individual or community, fire suppression, construction activities, etc. Generally, time is of the essence when dealing with these requests and it would not be practical to wait to submit the request to the Town Council for the development of a formal agreement or denial of the request. In the interest of efficiency the request should be handled administratively by the Water Superintendent with notification to the Public Works Director at the time of decision on the request.

PROS: Allows for prompt attention by the Water Department to requests for temporary water service outside of the Payson town limits.
