POSSIBLE MOTION

I move to direct staff to review the Town Code existing grading and drainage requirements and bring any recommended ordinance changes to the Council.

SUMMARY OF THE BASIS FOR POSSIBLE MOTION:

Periodically it is good to review various portions of the Town Code to insure that it is current, that all provisions still apply, and determine if any new items need to be added or if changes are needed. Portions of the Grading and Drainage requirements contained in Section 152 of the Town Code were updated in 2007 but the majority of that Section dates back to 2002.

The purpose of this Council Decision Request is to see if the Town Council would like staff to review Section 152 and present any recommended ordinance changes or updates to the Council.

PROS: Make sure that the grading and drainage requirements are up to date.
