AGREEMENT TO CONSTRUCT SUBDIVISION IMPROVEMENTS

Forest Ridge Phase II Subdivision, Payson, Arizona

This Agreement is made and entered into as of the _____ day of _____, 2014, by and between Forest Ridge II, LLC, an Arizona Limited Liability Company ("Subdivider"), and the TOWN OF PAYSON, ARIZONA, an Arizona municipal corporation ("Town") (collectively, the "Parties").

BACKGROUND

- A. Subdivider intends to subdivide and develop the property located in Payson, Arizona, as described in Exhibit A (the "Property"), identified as Forest Ridge Phase II Subdivision (the "Subdivision").
- B. The improvements to be constructed in the Subdivision are described in Exhibit B ("the Improvements"). Construction of the Improvements is to be assured to the Town as provided in Paragraph 8 of this Agreement.
- C. The Parties wish to establish specific terms, conditions, and guidelines to provide for assurances for the completion of the required improvements in the Subdivision in compliance with the provisions of A.R.S. § 9-463.01(C)(8) and Payson's Unified Development Code ("the UDC").
- D. The Town seeks to protect the health, safety, and general welfare of the community by requiring the completion of various improvements in the Subdivision and thereby to limit the harmful effects of substandard subdivision.

AGREEMENT

NOW, THEREFORE, based on the foregoing and in consideration of the Town approving a Final Plat (the "Subdivision Plat") for the Property, the Parties agree as follows:

1. Construction of Subdivision Improvements. Subdivider hereby agrees to construct and install, at its own expense, all subdivision improvements for the Property, as described in Exhibit B. Subdivider's obligation to complete the Improvements will arise as of the date of this Agreement (the "Start Date"). The Subdivider's obligation to complete the Improvements is independent of any obligations of the Town contained herein and is not conditioned on the sale of any lots or improvement within the development.

2. Existing Utilities. Any relocation or modification of existing utilities or public improvements to construct the Improvements shall be done at no expense to the public.

3. Assurance of Construction. This Agreement is submitted as an assurance that Subdivider will construct the Improvements as required by A.R.S. § 9-463.01(C)(8) and the UDC.

4. Start of Construction. Subdivider shall begin construction of the Improvements within six (6) months of the Start Date, and will diligently pursue completion of the Improvements. Subdivider's failure to do substantial work on the Improvements for a period of sixty (60) consecutive calendar days shall be presumptive evidence that Subdivider is failing to diligently pursue construction of the Improvements, and shall constitute a default under this Agreement.

5. Completion of Improvements. The Improvements shall be completed by the Subdivider not more than two (2) years after the Start Date. The Improvements shall not be considered completed unless and until the Improvements have been completed in accordance with all Town regulations and all applicable plans which have been approved by the Town, and after the Town has inspected the Improvements for compliance with the plans and regulations and has accepted the Improvements in accordance with Paragraph 6. The period for completion of the Improvements may be extended for good cause shown at the discretion of the Town's Public Works Director.

6. Acceptance of Improvements. The Town shall not accept the Improvements or maintenance responsibility for the Improvements, nor shall the Improvements be deemed accepted until all of the following have occurred:

- (a) The Improvements have been completed in accordance with Paragraph 5.
- (b) The Improvements and the right-of-way in which the Improvements are located have been dedicated or conveyed to the Town in accordance with the Subdivision Plat or separate instrument.
- (c) The dedication or conveyance has been accepted by the Town as evidenced by the approval of the Subdivision Plat or by some other formal action.
- (d) The Town Council has acted to accept the Improvements as built. The Parties anticipate that each portion of the Improvements will be given a preliminary acceptance by the Town or its inspector; however, the Parties understand and acknowledge that no such preliminary acceptance shall be effective as a final acceptance until approval by the Town Council has occurred. The Parties further understand that it shall be the sole

responsibility of Subdivider to repair any Improvements which are damaged, fall into disrepair, or are defective prior to acceptance of such Improvements by the Town Council and/or the termination of the warranty period provided for in Paragraph 7.

(e) The Town shall not give final acceptance for the Improvements nor shall such Improvements be deemed accepted until Subdivider provides a title report demonstrating that there are no construction liens on the Property.

7. Warranty. The Subdivider warrants that the Improvements will be free from defects for a period of two (2) years from the date that the Town Council accepts the maintenance of the last Improvement completed by the Subdivider.

8. Security.

(a) To secure performance of its obligations to construct the Improvements under this Agreement, Subdivider shall establish an escrow account (the "Escrow Account") with Pioneer Title Agency in Payson, Arizona (the "Escrow Agent"), pursuant to an agency or other agreement in form and content as generally set forth on attached Exhibit "C" (the "Agency Agreement"). Subdivider shall deposit the sum of Three Hundred, Eighty Three Thousand, Two Hundred Thirteen Dollars and Seventy Seven cents (\$383,213.77) in cash with the Escrow Agent, which is the amount equal to the engineer's estimate, accepted by the Town's Public Works Director, of total costs to perform Subdivider's obligations for Improvements as set forth in Exhibit B to be constructed under this Agreement, an additional ten percent (10%) of such sum for contingency, and an additional three percent (3%) for inspection fees. This amount shall be increased from time to time on request of the Town based upon change orders issued for additional compensated work to construct and install the Improvements or other increases in the costs to perform Subdivider's obligations under this Agreement. Monies from the Escrow Account shall be disbursed by the Escrow Agent to cover the costs of constructing and installing the Improvements in the Subdivision in conformity with this Agreement. Such funds shall be disbursed in accordance with the Agency Agreement upon direction of the Subdivider, but only upon prior approval of the Town, which approval shall not be unreasonably withheld. The Town shall agree to disbursement of such funds as are reasonable and necessary to construct and install the Improvements as provided in this Agreement. Subdivider agrees that if this Agreement is terminated for any reason before the completion of all Improvements required under this Agreement, Subdivider shall tender to the Town (1) monetary assurances in an amount equal to the Town's estimate of the total cost to complete the Improvements, or (2) other assurances acceptable to the Town. The Parties agree that the sum referenced above and the Escrow Account in which such funds are to be placed will be used only for the purpose of installing the Improvements.

(b) In order to further secure performance of its obligations under this Agreement, and to provide for the acceptability of the Improvements constructed hereunder, Subdivider shall pay to the Town the greater of an amount equal to three percent (3%) of the amount of the engineer's estimate, accepted by the Town's Public Works Director, excluding the amount estimated by the engineer for sewer collection installations,

or the actual cost to the Town for construction inspection and testing, whichever is greater.

(c) In the event such Escrow Account is not established in the amount required pursuant to this Paragraph, Subdivider shall provide additional security in cash or other form acceptable to the Town equal to such amount and any increase thereto of the total costs to perform Subdivider's obligations to construct the Improvements prior to commencing or continuing construction of the Improvements.

(d) The additional ten percent (10%) of funds provided for in this Paragraph shall be released from commitment upon the final release of assurances by the Town. Such amount represents a retention in the event of a default by Subdivider to provide additional funds for completion of the Improvements by the Town.

9. Retention. At the request of the Subdivider, the Town may cause to be retained 10% of the construction invoices to assure compliance by a contractor with that contractor's responsibilities.

10. Town's Option Upon Default. If Subdivider materially defaults on its obligations under this Agreement, in addition to any other remedies, the Town may initiate a process to replat the Property to revert to acreage of approximately the same boundary configurations of record existing before the Subdivision Plat for the Property was recorded. Subdivider hereby authorizes the Town to execute on behalf of Subdivider all documents necessary to replat the Property, and appoints the Town as its agent and attorney-in-fact to do so. The replat may exclude any dedications to the public which were made on the Subdivision Plat or by separate instrument which are deemed necessary to serve the portions of the Property which are not replatted or to necessarily serve the public. Subdivider shall pay the reasonable costs incurred in replatting. Prior to initiating any action to replat the Property or any portion of Property, Town shall give forty-five (45) days' first-class mailed notice to Subdivider at its last known address on file with the Town and, if different, also to the known place of business for Subdivider on file with the Arizona Corporation Commission at the time of the notice. Subdivider shall have an opportunity to cure any such defaults within such period. In addition, if Subdivider materially defaults on its obligations under this Agreement and, after notice and opportunity to cure defaults as provided in this paragraph, the Town may make claim against the security under Paragraph 8 and use said funds to complete construction of the Improvements. The Town shall have the sole discretion in determining a default under this Agreement, which discretion the Town may exercise in any manner that is fair and reasonable under the circumstances.

11. Termination. This Agreement shall remain in full force and effect until one of the following has occurred:

a) All of the Improvements have been completed and accepted for maintenance by action of the Town Council and Subdivider has provided the title report as required by Paragraph 6(e).

b) The Subdivider has tendered substitute assurances acceptable to the Town for the completion of the Improvements.

c) A new and superseding Subdivision Plat has been recorded for the Property in compliance with any and all applicable laws and regulations.

12. Binding Effect. This Agreement shall be binding upon the Parties and their respective successors and assigns.

13. Severability. If any portion of this Agreement is found to be invalid, such finding will not affect the validity of the remainder of this Agreement.

14. No Waiver. No waiver of any provision of this Agreement shall be deemed or constitute a waiver of any other provision, nor shall it be deemed to be a continuing waiver unless expressly provided for by a written amendment to this Agreement signed by the Parties.

15. Notice. The Subdivider agrees to provide written notice to the Town, within ten (10) days of the occurrence of (1) a change of name, corporate identity, or address of the Subdivider or the Financial Institution; (2) intent to transfer, or transfer of title to the Property by deed, or transfer of title to the Property by deed, contract, or operation of law, except in the case of the sale of Units to third party home buyers in the ordinary course of business; (3) the foreclosure of a lien against the Property or a portion of the Property, (4) the filing of a voluntary or involuntary petition of bankruptcy respecting the Subdivider; (5) any other event that may materially affect performance of the Parties under this Agreement.
