## H. UNFINISHED BUSINESS

1. **Council Decision Request** filed by LaRon Garrett, Public Works Director, and Ray Erlandsen, Acting Community Development Director to submit a formal request to

ADOT to temporarily delay the (Main Street Enhancement Grant Timeline) project for further evaluation and financial analysis.

Or submit a formal request to ADOT for permission to change the scope of the (Main Street Enhancement Grant Timeline) project to better reflect the current fiscal situation.

Or submit a formal request to ADOT to withdraw our application and resubmit in the future when fiscal abilities allow.

Or Proceed with the (Main Street Enhancement Grant Timeline) project as originally planned.

LaRon Garrett, Public Works Director, explained his Council Decision Request. Mr. Garrett gave the history on the Main Street Enhancement Grant. The grant would not pay for all of the construction and the Town would have to pay around \$250,000 to \$300,000 to finish the project. Mr. Garrett listed options the Council had.

Council Member Wilson asked what the timeline was. Mr. Garrett responded the money would be available July 1, 2009. Mayor Evans asked how long before the Arizona Department of Transportation (ADOT) withdrew it. Mr. Garrett replied 12 months.

Council Member Wilson suggested going ahead as planned and stretching it to the next fiscal year. Council Member Croy asked if Council would put it in this budget. Council Member Wilson felt the Town could get Andy Romance to do the civil portion of the work. Mr. Garrett replied Mr. Romance had said he would do that. Mayor Evans felt that would reduce the cost.

Debra Galbraith, Town Manager, stated the Town had not budgeted for those dollars.

Mayor Evans explained that if the Town withdrew the application ADOT would look favorably on that. Mr. Garrett replied there was the risk there may not be funding from the program in the future. Ms. Galbraith stated there was no money in the construction fund. The money would have to be transferred in from the General Fund.

Sam Streichman, Town Attorney, stated the Green Valley Redevelopment Area Commission had a quorum present, but one of the members had left the meeting.

Ken Volz, Green Valley Redevelopment Area Commission Chairman, acknowledged other members of the Commission. Mr. Volz felt the options offered by staff were the worst course of action and that the Town would lose the money. Mr. Volz believed construction costs were going up. Mr. Volz asked the Council to make a commitment to Main Street and make a decision based on the good of the whole Town and invest in Main Street.

Mayor Evans believed construction costs were down. Mr. Garrett agreed construction costs were down because of the economy.

Mayor Evans asked if Mr. Romance had deferred the fees. Mr. Volz replied Mr. Romance agreed to delay the payment. Mayor Evans asked if the other

events happening on Main Street were helping. Mr. Volz believed they were, but felt this project would create a physical image of Main Street. The Mayor believed the current economic situation should affect how you make decisions. Mr. Volz believed it would take four to six months before the construction documents were completed.

Mayor Evans asked if the Town engages a party and encumbers money, as Mr. Romance had suggested, does the Town have to track that in the year it was made. Mr. Streichman responded from a legal standpoint you do. Ms. Galbraith replied as long as there was a legal document it would show as a deferred payment. Mayor Evans believed there was a formula that was based on a traffic count to show what the critical mass of activity was. Mr. Volz felt the formula would not show the whole picture and believed Main Street should be a destination. Mayor Evans asked how much public money had been invested in Main Street. Council Member Wilson replied grants were obtained for the beautification of buildings and did not believe the town had put a lot of money into Main Street.

Council Member Hughes would have supported this if there were funds, but there were no funds and all departments were being cut to the bone. Council Member Hughes asked if the Green Valley Redevelopment Area Commission would be willing to raise private money. Mr. Volz replied the Commission would make every effort to do that, but believed funds could not be raised in this economy.

Council Member Vogel stated there were no funds and he would not gamble on the funds. Council Member Vogel believed Mr. Garrett could get the grant back. Mr. Volz felt that volunteers on commissions spent their time and effort only to find out a project was not going to come to fruition. Mr. Volz understood the financial situation.

Council Member Croy asked what part of Main Street the project would cover and how many businesses were located there. Mr. Volz replied the actual number of businesses was small, but over time it could get more momentum to carry on down the street. Mr. Volz stated the initial success would be small.

Council Member Blair asked Minette Richardson to come to the mike.

Minette Richardson felt that First Friday was a success, but that was only one night. Ms. Richardson stated there were businesses struggling to stay open and felt canceling the project would stop the momentum on Main Street. Ms. Richardson believed Main Street needed to look better to get people to come and if the Town let this project go it would never see it again.

Council member Blair asked about the grant. Mr. Garrett believed nothing had been spent out of the grant and that all of the \$315,000 would be used on construction. Council Member Blair asked if the consultant fees had already been paid by the Town. Mr. Garrett responded yes and the next step was to get construction documents. Council Member Blair asked if any of this could come out of debt service. Ms. Galbraith replied no, debt service only existed when money was received from bonds or a loan. Mr. Garrett stated the Town has to pay all design costs and the grant does not cover all of the construction cost.

Ms. Galbraith stated the State prepares its budget after the Town and that could cause some issues if funds were cut.

Council Member Wilson suggested some of the things not covered by the grant be done at a later date.

Council Member Hughes asked what the time line was for ADOT's decision. Mr. Garrett replied there was not a hard deadline and the next step was 60 percent plans. ADOT was aware of the Towns situation. Council Member Hughes asked if Council could table this to see if the Green Valley Redevelopment Area Commission could raise private funds. Ms. Galbraith stated the project would not be able to go a penny over what was budgeted.

Mr. Volz stated he would bring up raising private funds with the other Commission Members. Council Member Hughes stated he would table this item if the Commission could find out in two weeks. Mr. Volz felt the Council should go a head and vote now.

Council Member Blair asked if the design Mr. Romance would do would help. Mr. Garrett replied yes, but there were other items that come from other consultants and would have to be approved. The Town did not have the final plans. Council Member Blair asked to delay this item and see the figures written out. Council Member Vogel explained what the figures meant.

Council Member Connell stated this was one of the hardest decisions she had to make because the Town did not have any money.

**Motion:** notify ADOT the Town will withdraw the application.  
Moved by Council Member Mike Vogel, seconded by Council Member Michael Hughes.

Council Member Blair questioned if there would be money in the future. Council Member Blair stated he had no confidence that money would be there in the future.

Mayor Evans read Bill Lister's, ADOT, letter asking the Town to reapply at a later date.

Council Member Croy asked if the Town was at risk that the grant might not be there. Mr. Garrett responed if the Town did not use the grant soon ADOT could withdraw it anyway.

Charles Proudfoot, Green Valley Redevelopment Area Commission Member, had been the recipient of grants and believed the money would always be there because it was dependant on the gas tax and vehicle tax. Mr. Proudfoot felt giving it back to ADOT would help the Town get the grant back in the future. Mr. Proudfoot believed the Town was spending to much money to make this grant work and that two weeks might be enough time to work with Mr. Garrett to see why the grant was written like that.

Council Member Blair asked if he could make a motion to table this. Mr. Streichman replied yes.

**Motion:** table this item to the May 19th regular Council meeting.  
Moved by Vice-Mayor Ed Blair, seconded by Council Member John Wilson.

Mayor Evans called for the vote on the motion to table.

**Vote:** Motion carried 4 - 3

Yes: Vice-Mayor Ed Blair, Council Member Su Connell, Council Member John Wilson, and Council Member Michael Hughes.

No: Mayor Kenny J. Evans, Council Member Mike Vogel, and Council Member Richard Croy.
