To whom it may concern, thank you for up date concerning said address. There seems to be a problem concerning said application, being that in truth the garage at 706 is not a garage but a living area,secondly we would like the council to decide is the permit application for a taxi service or a shuttle service,this seems to be a maybe and could change according to the applicants whim.We hope you would nail these objections down so no future objections be brought up in a legal appeal. Thank you once again for the info.

respectfully yours

Arnold Serrano
