## SUMMARY OF AGENDA ITEM

**DATE:** May 6, 2010  
**TO:** Mayor and Council  
**FROM:** Ray Erlandsen   
Acting Community Development Director  
**SUBJECT:** **Flag Lot Pole Width – Ordinance 781, Resolution 2550**

---

### **PURPOSE:**

The applicants, Charles P. and Nancy J. Spurlock, property owners of 1205 N. McLane Road; are requesting an amendment to the following provisions contained in Section 15-02-004, Residential District Uses, of the Unified Development Code (UDC):

**CURRENT:** *Section 15-02-004 (D) note (2):*

*“For cul-de-sac and flag lots, the minimum width of the lot, at the street frontage, shall be 35’ and the minimum lot width shall be obtained at the center point of the lot. For flag lots the front line is the line opposite the rear property line.”*

### **SUMMARY:**

Through this amendment, the applicants, as well as other property owners within the Town of Payson, would have the potential to divide their property.

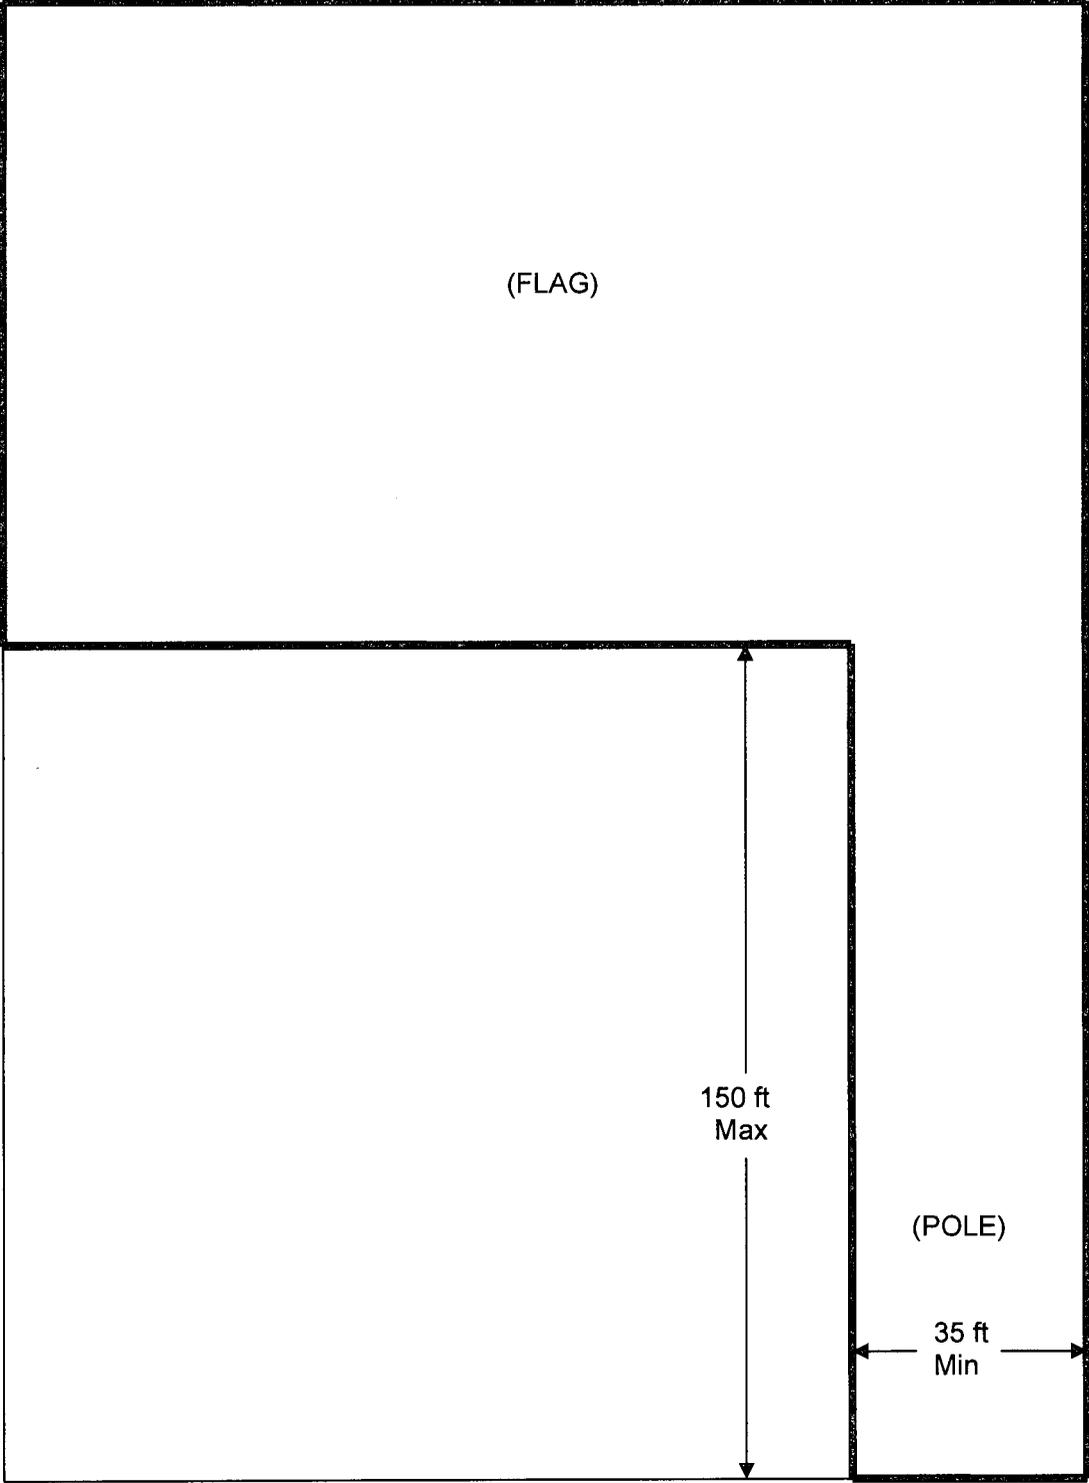

Attached Exhibit A demonstrates the current requirements. Attached Exhibit B demonstrates an alternative to the current code requirements, which could be supported by Community Development, Engineering, and Fire Department staff.

Staff recommended approval to the Planning & Zoning Commission of the applicant’s request for an amendment to the current code standards as the proposed minimum pole width of 24’ to 35’ would provide adequate access to newly created lots.

After a public hearing at their April 12, 2010 meeting, the Planning and Zoning Commission voted 5-0 to not recommend approval to the Town Council. The motion is attached.
